# Photoshop Plugin Installation Process

To download the Photoshop material library file on your computer you will have to follow the following instructions:
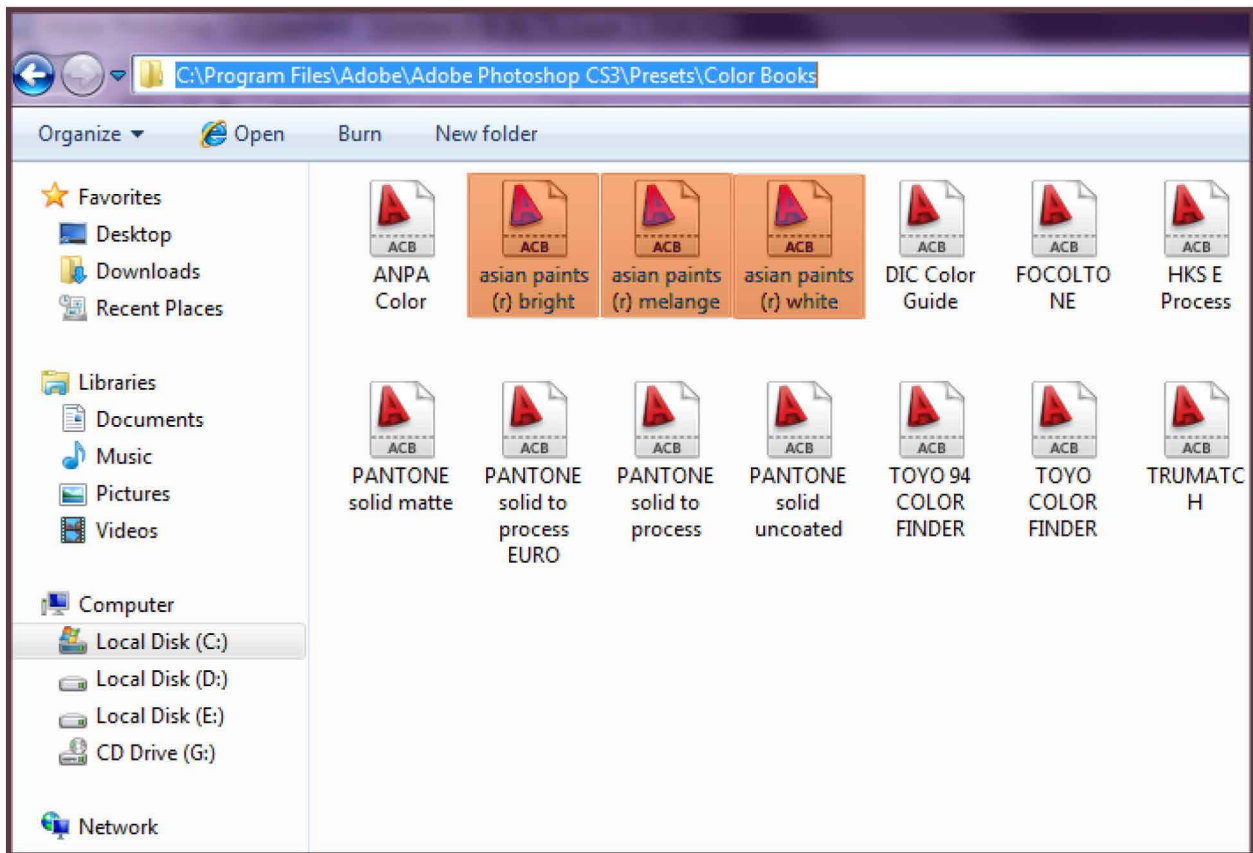

Step 1: Click on the Photoshop icon, to start downloading

BERGER ≡ MENU

Home \ Professinal Tools

PROFESSIONAL TOOLS

Now you can download plug-ins for Photoshop, AutoCAD, 3ds Max, and Google SketchUp to match your designs with the perfect shade and effect from Berger's range of 1800 original hues.

ADOBE PHOTOSHOP   AUTODESK AUTOCAD   SketchUp   SKETCHUP   AUTODESK 3DS MAX

Step 2: Once you download the Photoshop Zip file extract it on the Desktop. You will have three file which are:

asian paints (r) bright.acb   asian paints (r) melange.acb   asian paints (r) white.acb

Step 3: Now copy all the three files from the extracted folder and paste it to the following location -
"C:\Program Files\Adobe\Adobe Photoshop CS3\Presets\Color Books"

- These three highlighted files in the box are the ASIAN PAINTS colour Books.
- And above in the box blue highlighted portion is the path where you have to paste the Colour Books
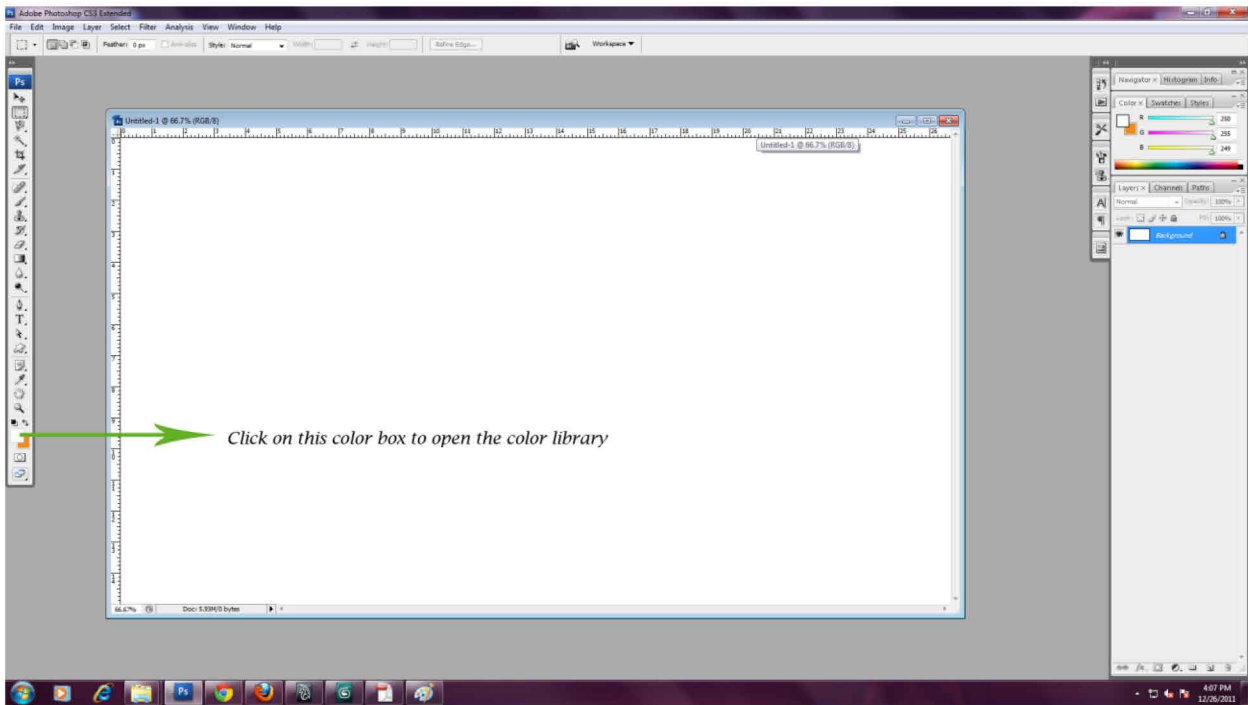

USER MANUAL

Step 1: Open Photoshop, click on the "FILE" button to "OPEN" a new file.

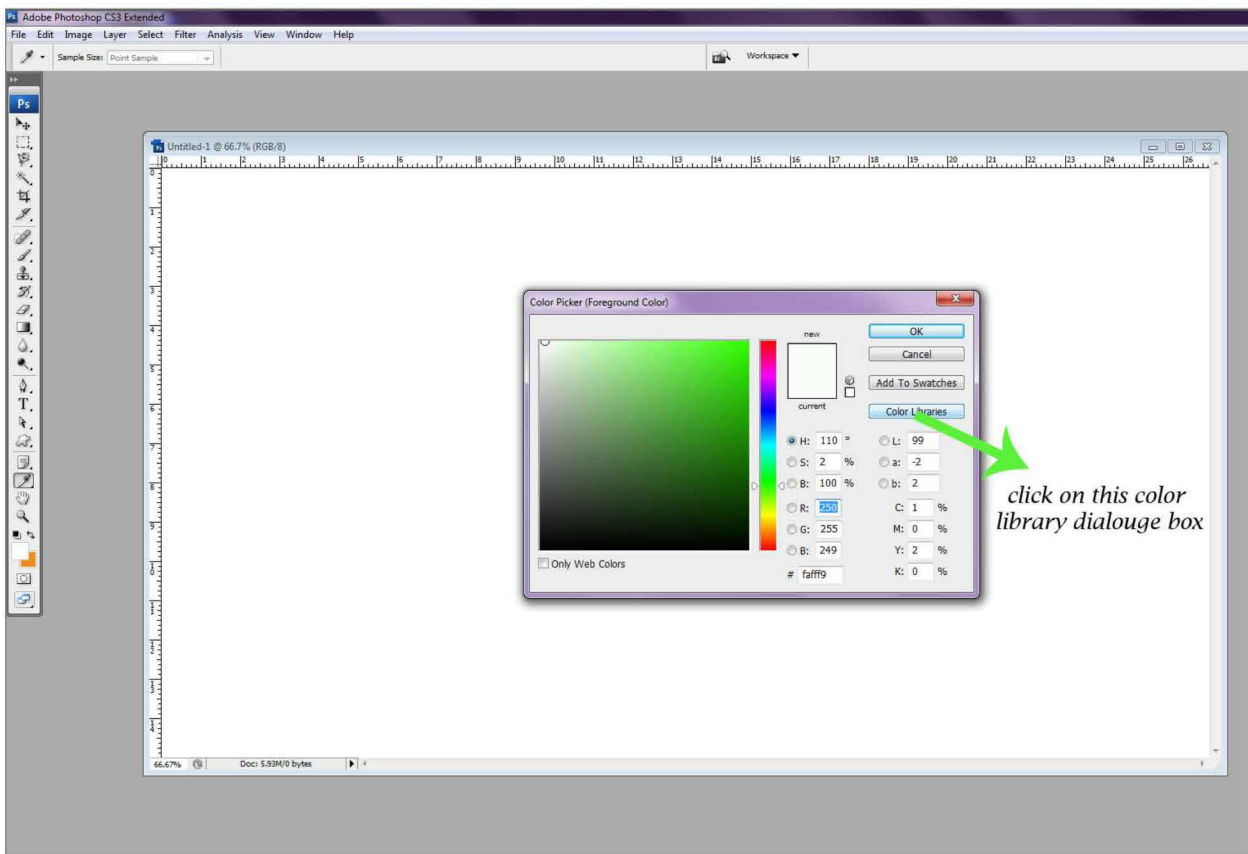

- Click on the OK button to see the clipboard preset on the screen.

Step 2: Now for selecting the colour you will have to click on the colour tool box, which is on left side corner.

Click on this color box to open the color library

Step 3: Once you click on the colour tool box you will see this colour picker box as shown in the figure below. Click on the colour library box to open the ASIAN BOOKS colour library.

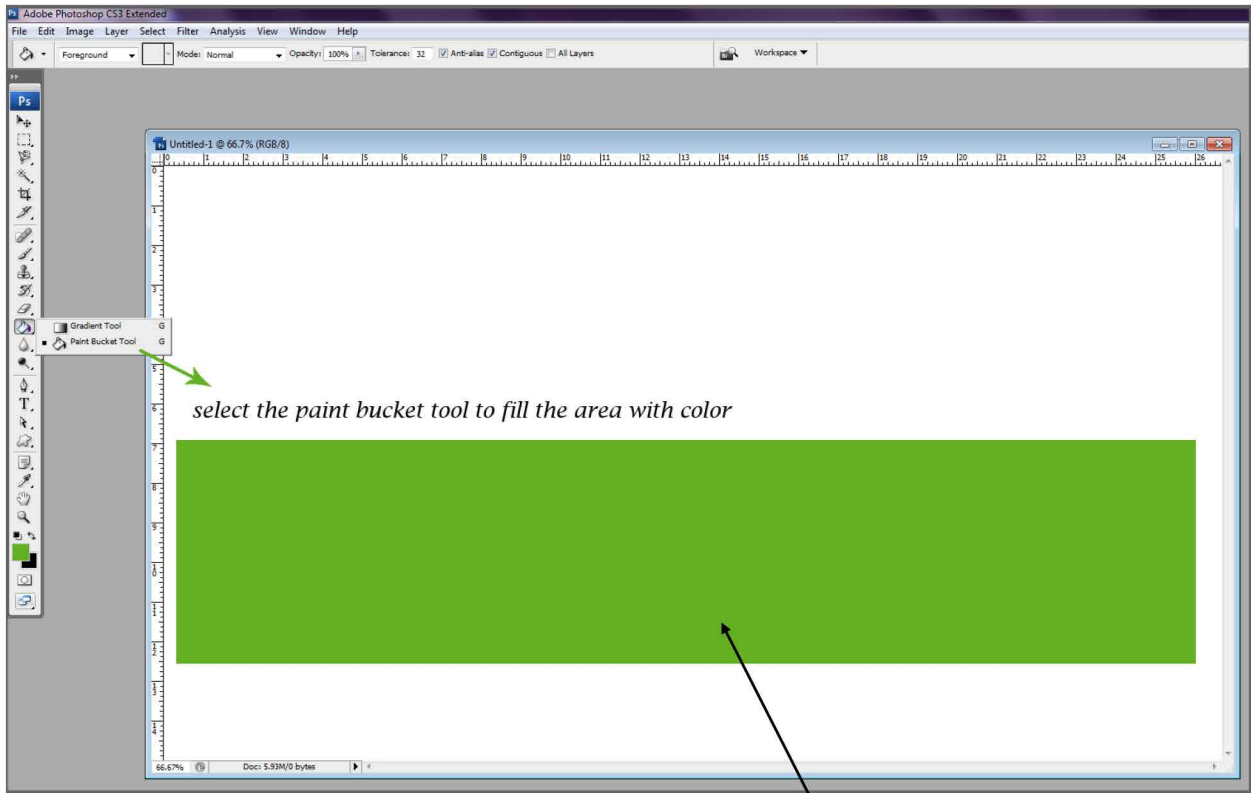

click on this color library dialouge box

Step 4: Click on the "BOOK" option to select the "ASIAN COLOR BOOK" from the library as shown in the pictures

- Above in the picture as you can see the whole colour palette is given to choose the colour of your choice

Step 5: Now once you select the colour and if you want to fill the same colour in Text below.

- Select the paint Bucket Tool and drag it on the selection box.
